WHAT TO EXPECT

You'll join a group of enthusiastic young friends who create a safe and inclusive space to explore and learn about this year's theme together. Our speak for this year's camp will guide us through group sessions, followed by small-group discussions facilitated by small-group leaders.

In small groups, you'll have the chance to dive deeper into the camp's theme while getting to know other campers better. You'll hear different perspectives that might surprise you—and enjoy some sweet treats too!

During Quiet Time, campers spend time in peaceful reflection. You can read, journal, work on crafts, or simply walk through the Centre's beautiful grounds with your thoughts.

Our service project is a highlight of the week. We might help clean and organize the Centre, or visit a nearby meeting house to assist with various tasks.

We'll also enjoy a day trip together, which in the past has included planned activities or a beach visit—complete with optional cold swims for the brave and beach volleyball! The journeys are always filled with good music and fun.
