What To Expect

You'll join a group of enthusiastic young friends who create a safe and inclusive space to explore and learn about this year's theme together.

Our speaker for this year's camp will be Luke Carson who will guide us through the **Theme** of 'Lament'

We will have group sessions, followed by small-group discussions facilitated by small group leaders.

In small groups, you'll have the chance to dive deeper into the camp's theme while getting to know other campers better. You'll hear different perspectives that might surprise you—and enjoy some sweet treats too!

During Quiet Time, campers spend time in peaceful reflection. You can read, journal, work on crafts, or simply walk through the Centre's beautiful grounds with your thoughts.

There will also lots of exciting activities to get involved with. Some recent highlights have included a baking evening, a week long table tennis tournament and Moyallon's very own Taskmaster!

Our service project is a highlight of the week. We might help clean and organize the Centre, or visit a nearby meeting house to assist with various tasks.
