

**1ST JULY 12-1PM
ONLINE**

Join us for a Lunchtime Conversation with AVP Ireland

Restorative Practices Ireland is delighted to host an online conversation with Alternatives to Violence Project (AVP) Ireland. AVP Ireland Co-ordinator Lisa, alongside experienced volunteers Dorotheé and Yvonne, will share insights into AVP's transformative workshop model, the power of experiential learning, and the impact of non-violent communication in community and custodial settings. This session offers a rich opportunity to deepen understanding, celebrate shared principles, and imagine future collaboration. Join us for a warm, engaging conversation that highlights the shared commitment of AVP and RPI to fostering safer, more connected communities.
